Application for Authorities, Boards, Commissions & Committees

Authorities, Boards, Commissions and Committees serve in a variety of capacities with respect to both the City Council and the City. Membership is granted either as an extension of the position one holds within the City's government or agency serving the needs of the City, or by appointment. Some appointments are made, per the City Charter, at the sole discretion of the acting City Council president; however, the majority of appointments are made by City Council vote. The majority of boards require members to be City residents; however, there are a handful of seats without this requirement as noted below.

Term lengths vary and are typically staggered to prevent multiple terms/seats from expiring simultaneously. As such, new appointments are typically done each January by City Council.

Indicate below which authority, board, commission or committee to which you are applying. Given that some may require a significant time commitment, you may want to limit your choice to one.
